If you want to see my sunrise
Well, I don't mind
Your lips so full like life itself
Been in love for a while

You know that I just want to see you
Yeah, I have for a time
And it's balancing there upon my head
Just like last night on a bottle of wine

Hey you
Do you feel alright?
Hey you
Come on, come on, come on
Come on back to me

You want to spend the night together
Pull your body close
So masterthief embrace my heart
Now you decided to show

Come discover what you can't find
There's no need to think
And it hits you there at the back of your head
Just like last night when you started to drink

Hey you
Do you feel alright?
Hey you
Come on, come on, come on
Come on back to me

And time is all I have to give
You can have it if you choose
Time is all I have to give
You got me under your wing

Hey you
Do you feel alright?
Hey you
Come on, come on, come on
Come on back to me

And time is all I have to give
You can have it if you choose
Time is all I have to give
You got me under your wing

Hey you
Do you feel alright?
Hey you
Come on, come on, come on
Come on back to me
