Ohh The life we made cover me with love  
Heaven got your number saved trapped it from above  
Cause it fell in love and this happens when it rains  
Hey, it only happens when it rains  
You can take me away  
We can play all night and day  
You can take me away  
Ohh I just realized for the best I ever had  
I think you got me hypnotized  
That I feel so well cause it fell in love  
And this happens when it rains  
It only happens when it rains  
You can take me away  
We can play all night and day  
You can take me away  
You can take me away  
If you play all night and day  
You can take me away  
ahhhh, ahhhh, ahhhh  
You can take me away (ahhhh, ahhhh, ahhhh)  
We can play all night and day (ahhhh, ahhhh, ahhhh)  
You can take me away (ahhhh, ahhhh, ahhhh)  
You can take me away (ahhhh, ahhhh, ahhhh)  
If you play all night and day (ahhhh, ahhhh, ahhhh)  
You can take me away (ahhhh, ahhhh, ahhhh)
