"Where Did You Sleep?"

You pushed away your rocking chair
Your seven years of living
Choose to think it over, you could try
You held beauty on your knee
You felt you were so giving
You made one feel special, then goodbye

Now tell me where did you go?
A long way from me
Was it someone I know?
Search your soul
A long way from me
'Cos I need to know, how far you'd go
Where did you sleep?
Tell me who's gonna show

It's so in you're nature
To keep your face well hidden
Make a fox feel proud, you're so sly
Cannot play this game
My heart's tired, are we sinking?
You made me once feel special, say goodbye

Now tell me where did you go?
A long way from me
Was it someone I know?
Search your soul
A long way from me

'Cos I need to know, how far you'd go
Where did you sleep?
Tell me who's gonna show

[INSTRUMENTAL]

So push away you're rocking chair
That seven years of giving
No time to think it over, so don't try

Now tell me where did you go?
A long way from me
Was it someone I know?

Search your soul
A long way from me
'Cos I need to know, how far you'd go
Where did you sleep?
Tell me who's gonna show

Now tell me where did you go?
A long way from me
Was it someone I know?
Search your soul
A long way from me
'Cos I need to know, how far you'd go
Where did you sleep?
Tell me who's gonna show

Where did you sleep last night?
Where did you sleep last night?
