Whenever I need a friend
It's you that I come round to seeing again
You know that I'll always be near
You're flesh and blood and you're my memory
Live on in my memory
I send you nothing but love
Just wait and see
I send you nothing but love
Just wait for me
wait and see...
wait and see...
Right words, you know all the right words to say
You don't always mean them my way
You don't always mean what you say
Whenever I need a friend
It's you that I come round to seeing again
And everything that you do
Is everything I wouldn't ask of you
You can ask me too...
I send you nothing but love
Just wait and see

I send you nothing but love

Just wait for me

wait and see...

wait and see...

Right words, you know all the right words to say

You don't have to mean them my way

We don't have to mean all we say
