Well I got the sweet, sweet shit that make you go crazy  
Bomb-ass shit got ya feelin' kinda hazy  
I stay punk rock, miz it with the hip-hop  
Bounce in the low-low, better feel the shit drop  
With fifteen minutes to lay down the track  
You can't step to this shit cuz all your shit's whack  
And if a killer beat is pumpin' through your stereo  
Better crank this shit so the whole world can hear it yo  
And you can catch me sittin' chillin in a BK  
Munchin' on a cheeseburger, sippin' on a milkshake  
I do it cuz I love it, I love it when the beat drop  
And I love the fact that I never had a real job  
You're talkin' shit with critical eyes  
But I'll see you in an hour for my burger and fries  
Behind the counter with your paper hat  
While I get paid to live it up, what you think about that  
I'm the contender, I rock the party  
Catch me with your girlfriend when she's feelin'  
naughty  
I got the power, I got the skill  
Cocky as a motherfucker, dressed to kill

And every single night we gettin' it on  
Rock the shit, let it rip and do another one  
These kids hang on every single word that we spoke  
Man fuck that shit, I'm still just a kid and I'm fuckin'  
broke  
I'm the motherfucker that's layin' down a fat beat  
Can't sit still cuz I'm addicted to the caffeine  
Still rockin' out for all the kids  
Still broke as fuck but I'm lovin' this shit  
I don't care if you front and hate  
Cuz I'm gettin' pussy while you masturbate  
You talk trash too much, you need to shut up  
Because you sound like a bitch homie, no one gives a  
fuck  
About your friends, your car, your daddy's cash  
What's it like livin' lif suckin' dick and kissin' ass  
When you hang around with your preppy friends  
Pointin' fingers, talkin' shit and takin' it in the rear end  
You think we're a joke but you don't seem to know

We got these kids bouncin' all over the motherfucking  
globe  
Yeah we're gettin' respect, hell yeah for sure  
But I'm still white trash and I'm still fuckin' broke
