you spill your colors over me  
you come in silver and gold and green  
but you're darker than you seem  
i am impatient as a child  
i want to see you go crazy wild  
but you just sit there and smile

tell me can you hear me (hear me)  
am i speaking clearly?  
i am saying i am really on your side  
if you don't believe me (leave me)  
i'll be in the passenger seat  
watching as you drive  
i love to watch you drive

cause your smile is the manhattan skyline  
your smile is the manhattan skyline  
your smile is the manhattan skyline  
and i don't want to cry anymore  
i don't want to die anymore

those angry little buisness men  
are thronging the dungeon streets of NYC  
as you drive me stopping to give them the finger again  
you rest your head against the wheel  
say 'let's go anywhere but here'  
traffic lights are mistle toe  
so i kiss you hard and say 'let's go'

your smile is the manhattan skyline (4x)  
oh, oh, oh

tell me can you hear me (hear me)  
am i speaking clearly?  
i am saying i am really on your side  
if you don't believe me (leave me)  
i'll be in the passenger seat  
watching as you drive  
it's good to be alive  
and i'm alive, i'm alive  
you're alive, we're alive, oh

your smile is the manhattan skyline (3x)

receding behind us

receding behind us
