One a di low, is a one a di high
Problem in a
Come baby low, cause I wanna make so you hearty
.....sleep further
Don't bother me
Nothing but a fire
..... a girl make a
Make you wanna low but

And you know my heart is true, uh uh
And I'm feeling I love you, uh uh
I can lose my time in
Because my heart is real, cause

I love to dance, dance, dance
I love to dance, dance, dance
I love to dance, dance, dance
I love to dance all night and day
I love to dance, dance, dance
I love to dance, dance, dance
I love to dance, dance, dance
I love to dance all night and day

Keep your head up right and clear, uh uh
Run away with all your fears, uh uh
You'll be happy right on time
Tonight you will be mine

I love to, I love to dance
I love to, I love to dance
