A boom say me give me di fire, oh yeah oh yeah
Would you get enough of this, good good feeling
yeah yeah
..... force, force, cah deh bomba come up and
down
..... my night today, shake that today

..... one more night in my town is starting
I'm in when my light can fade away
Nobody, somebody, I'm gonna dance with somebody
else
I'm calling you to think of my body
I'm calling you to exercise my mind and so
Nobody, somebody, I'm gonna dance with somebody
else
Woh woh oh oh

Dance dance dance night away
I need to dance the night away
Dance dance dance night away
Oh yeah
Dance dance dance night away
Night away, night away...
Oh yeah oh yeah
Oh yeah yeah yeah

Dance dance dance night away
Dance dance dance night away
Night away, night away...

..... one more night in my town is starting
Top be so lonely but full of energy
Nobody, somebody, we live and dance all the night
away
(morning night, yeah yeah)
I'm calling you to think of my body
I'm calling you to exercise my mind and so
Nobody, somebody, I'm gonna dance with somebody
else
Woh woh oh oh
