"When Love Called"

Boy: When Love Called,
All of a sudden this heart experienced a change,
A restless feeling, something really strange.
I found love,
When I first saw you, I saw the promise in your eyes
Beside your heart now, is where my heart lies.

I sing to a new tune,
This song of mine is just for you,
Would you sing my song with me...?
Will you walk along with me...?

Girl: When Love Called,
All of a sudden this heart experienced a change
Something changed my world.....something really
strange.
I found love,
When I discovered my heart had a voice of its own
It says "I Love You" it's no longer alone.

Yes, I hear a new tune
The song you sing just for me
I too want to sing with you
I will walk along with you.
