Uh, ah, uh, uh, uh, ah one two
Check it out, ah one two and ah, ah one two
It's tha Liks, ah yes yes, you're now rockin' with the best
Yes, yes, you're now rockin' with the best

Uh, come from the what?
Yes, you're now rockin' with the best
One two, Defari's in the house
Defari in the house, you're now rockin' with the best

Every time I rhyme I swing mine like wind chimes
It's crack a brew, tie your shoe, do a backspin' time
I quit sellin' weed but I stuff dimes in my sack
TJ Rolls, Crackerjacks, Mad Lib, Loot Pack

I make you move and change your number like to wear
you out
Like slacks, like when the button on your back pocket
cracks
I used to roll with moms, shotgun in the Datsun
Rest in peace shouts out to Donnie Latoya Watson

A real mother for ya, the Ro will never bore ya
I clock mail like Mel be spittin' game like a lawyer
I rolled it up, spark it, then I blow like
Bran ford got one more Son than Sanford's
Tryin' to send him to Stanford

And oh, yo like Quasimodo
My name rings bells, it's time for Tha Likwit photo
Yes, ladies and gentlemen
You are now rockin' with the best

Yes, you are now rockin', you are now rockin'
You are now rockin' with the best
Yes, you are now rockin', you are now rockin'
You are now rockin' with the best

You're now rockin' with the best, maximum capacity
For MC's that ain't for the Schlitz Malt Liquor Bull
Pullin' words like tug of war from my memory banks
Core secure, sweat pours through the forces I give 'em

more

Who wanna see a Likwit MC
Without the glass ya laugh, feel the wrath of the blast
Of the liquor in the flask, so don't ask or form the
question
Verbal harassment, to your environment

Music element, to your conscious, the beat ready
rocker
Sippin' the vodka straight smokin' the sess that niggaz
hate
I got the the grammar for Panorama City, with bills in
my socks
So they won't break in my pocket on the block

Fool I'm bout to go purchase me some Old Gold beer
My niggaz gettin' wasted on my stairs and under the
stairs
Liks can cock while I'm twistin' my beers
You gotta be able to twist at least three, to Phil Da
Agony, really

My currency stretch, for the stress
While I book my matches, askin' niggaz who wanna
match this
Yes, you are now rockin', you are now rockin'
You are now rockin' with the best

Yes, you are now rockin', you are now rockin'
You are now rockin' with the best
Yes, you are now rockin', you are now rockin'
You are now rockin' with the best

Niggaz think I'm off my rocker but big Tash is lifted off
that vodka
So rappers know it's curtains from the second that I
spot ya
'Cause the top notches goes the extra length to bring it
liver
Get me drunk enough and Tash will crash a party
skydivin'

'Cause to danger I'm no stranger, my mic has
insurance
But just to keep it safe I called E-40 for endurance
So it's a everyday occurrence for the Alkie fam to slam
The Likwit hits that make y'all niggaz say, "Yes god
damn!"

So get off your ass and JAYAM, to the sounds of Rum

and Coke
While I blow my smoke and show you how deep my
Likwid soak
Into your brain, I still got the style they can't explain
But my homey wanna bust so tell these niggaz what's
your name

I'm E-Swift, my beats are known to leave speakers
blown
In any fuckin' zone, my style is prone to wet the
microphone
The hardcore music conductor, the Likwit MC slash
Beat constructor, rockin' this motherfucker

That's some stuff niggaz I'm finished, if lyrics
Need to be replenished I'm sendin' bitin MC's to the
dentist
To get they grill fixed 'cause they got too addicted
Now they feelin' the pain that Tha Liks have inflicted

I make clubs swing like Tiger Woods on the green
I go the whole eighteen, avoiding anything in between
Niggaz tune into these flows like Friday night mix
shows
On the radio, my crew is unfadeable

Yes, you are now rockin', you are now rockin'
You are now rockin' with the best
Yes, you are now rockin', you are now rockin'
You are now rockin' with the best
