Waiting for a lifetime for tonight but time don't really
matter if it's all
Forever now - I'm drowning in a deep sea of happiness
the summer breeze is
Anywhere - both hearts will change - but you were so
right - there's
Nowhere else to hide tonight - since you were mine -
kissing on a park
Bench the first time but time don't really matter if it's
all together now -
The taste was never sweeter & jimi's playin "bold as
love" on the stereo
Both hearts has changed - but you were so right -
there's nowhere else to
Hide tonight - since you were mine - yes I'll feel good
tonight - a
Lifetime so bright - the night belongs us two - two
hearts in bloom - both
Hearts unchained - but you were so right - there's
nowhere else to hide
Tonight - since you were mine
