[Hook]

I know you, you know me
I know you, you know me
I know you, you know me
I know you,
I know you, you know me
I know you, you know me
I know you, you know me
I know you
You don't know me like that
You don't know me like that
You don't know me like that

I don't know you, you don't know me
That's on lock, yeah I'm low key
Dbcs true homie, you a motherfucking muck, you a
phoney
What it is, this here is the biz, get money like I live
Yeah I'm grinding, scandaling, see none of you fucks
can handle us
You a sip, you a whip, you ain't man enough
So go and hand up your bitch over to us
Let me show a real ...ride with that
Put your seats down on, slide
Soon, all in my spaceship, let away the base, ...basing
2 pounds rolling the blunt, you know I'm wasted
Pump so much in your bitch she can't take it

[Hook]

The way rock upon the pot, eha, eha
Point seen, money gone, go hard, fuck and go home
I know you
You don't know me like that
I know you
You don't know me like that
I know you
You don't know me like that
I know you

I beat that bad till it can't be beat
I love it when she love to give mouth to me

I want it to get ball upon mouth to me
And snoop and warren and dad and freaks
She a superfeak, she can't keep her super freaky
hands off me
I seen her before, at the mall, at the corner store
I seen her on tour, I just can't keep score
Better have my money, sucker you can fill it up with
hunneds
Act like it's something when it's nothing nigga
And I'ma give you something to remember, nigga
Gang full of soldier, bodyguard hard
I don't need to have holsters, we up in the yard
And this motherfucker smoking...focused, let's go, let's
go

[Hook]

The way rock upon the pot, eha, eha
Point seen, money gone, go hard, fuck and go home
I know you
You don't know me like that
I know you
You don't know me like that
I know you
You don't know me like that
I know you

Come through, hanging like a juvenile
Looking like you never knew me now
Hold me down on the ground, on the prow with peas
on
East side with the west coast sizam
Legal star, raise the bar, let me tell you something
I gotta keep it jumping and bumping
Me and my niggas we was known for thumpin and
dumpin
Humpin and crumping, and we will always smoke a
little something
So raise up off of mine
You push that soft line, I'm banging like an alpine
The 1985, jerry curl drippin, tony griffin, never slippin
,you dig?
I came here to knock a bitch, clock the brick
But I will sock a bitch
You don't know me and you think you do
And that's the first way to get ... with you.
