Yeah, OK!
Clear circle, 2 Chainz
Look! Dance, I see you baby Dogg Pound
Hit it, and I guess you're right, I know you're right
Oh yeah, ...I know you like!
When I kiss you right, I know you're right
I know you're right, I know you're right
You know who I'm better than
Better than your other man
I'm better than I ever been,
I take you to the Netherlands
...I could never land
Never, ever ever land
I take your rose petal and she love me, she love me not
Shawty when I hold you, you could... hold me tight
See I can make you fall in love with me over night
Turn you.. and rode you like a motor bike
And then I kiss you, and I know you like!

Chorus:

When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!

Kiss don't tell, baby, baby get it down
hold that, hold that, ask what he here for
Baby, baby, got it fast ..she a nimpho.
and she go dumb with it, like she from...
..summer dog in the bad room
Get her all alone and you know what she gonna do
And I'm with two.. and you know that we bang...
You can do me, the girl is gonna do the whole day!
Don't call me, momma, I'mma call you
And we gonna see what you came to do
It ain't no fun, so I ..and corrupt too
And you know my big cut is...
You'll be on that hood, you'll be trying to...
..having a good time, yeah you...
Don't matter, don't lick it, don't bite it, excited

Chorus:

When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!

I make her flip it out, wipe it down, show her what is all
about

Make a supper with your mouth, all around, all around!
I could show her what is... the things she loved to do
without

Things she love with her mouth, up and down, up and
down!

Cause I kiss her where I know you like
Hitting the club.. staying over night.

Overhere we ball rich over night

I lay her down, then I kiss her, and I know she like.

She gonna kiss upon me, and I know you like

I do everything right when I ...

I do everything right, everything she like

It's something about... you don't even like

I'm too clean, I'm so sharp... two chainz, see 'em pulling
up

What you got? ... and she trim

You got like Kim Kardashian, and I'm ...

Chorus:

When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
When I kiss you where I know you like!
Come and kiss...
