"Be the One"

The road is rough and rocky, but we move on
Each day, we're one step farther along the way
Dear God, we bear protection as we move on
You'll be the one to guide us along the way

And you see, I'm no different from other men
And you see, I'm no different from other men
Be the one to guide and protect us, show us the way
Be the one to guide and protect us, show us the way

The road is rough and rocky, but we move on
Each day, we're one step farther along the way
So dear God, we bear protection as we move on
You'll be the one to guide us along the way

Though you see, I'm no different from other men
Oh you see, I'm no different from other men
Be the one to guide and protect us, show us the way
Be the one to guide and protect us, show us the way
Be the one to guide and protect us, show us the way
