Oh...whoa...ho...oh...oh...oh...
Oh...whoa...ho...oh...oh...oh...

They say everything can be replaced
They say every distance is not near
But I remember every face
Of every man that put me here, yeah

I see Jah light come shining
From the west down to the east
Any day now, any way now
I shall be released

Oh...whoa...ho...oh...oh...oh...

They say every man needs protection (Needs protection)
They say every man must want
But I swear I see my reflection (My reflection)
Somewhere so high above this wall, yeah

I see Jah light come shining
From the west down to the east
Any day now, any way now
I shall be released

Oh...whoa...ho...oh...oh...oh...
Oh...whoa...ho...oh...oh...oh...

They say every man needs protection (Needs protection)
They say every man must want
But I swear I see my reflection (My reflection)
Somewhere so high above this wall, yeah

I see Jah light come shining
From the west down to the east
Any day now, any way now
I shall be released

Any day now, any way now

I shall be released
Any day now, any way now
I shall be released

Any day now, any way now
I shall be released
