(Hofstede/Kloet/Stips - Hofstede)
I'm moved by her
Moved by her
She got a room in the back of the house
I know a wall with a hole of a mouse
I'm looking at her with my secret eye
Nobody knows the reason that I'm
Moved by her
Moved by her
Pink is the moon
Pink is her ass
Nipple aux Dijon
Giggle undress
I'm moved by her
Moved by her
Peep through the hole
I see her eyes
She's looking at me
I'm looking at her
I'm moved by her
Moved by her
Talk to me
Talk to me
