Buy the car without a test drive

She got me feelin like a child bein Catechized
and I don't mean to rush
And I know it's just lust
She got me bout to bust

[Bridge:]

I'm tired of talkin on Tha phone
I'm sick of conversation

I'm comin to ya crib
and ya Already kno wat it is
Shut up... shut up.. (now).. shut up
Gone and take ya damn clothes off

[Chorus]

Cause I'm about to blow That back out
blow that back out
blow that back out (aye) you kno I'm bout to blow ya
back out (ok) blow ya back Out
blow ya back out (fo sho)

I'm just tryna blow That back out

[Verse 1: Tha Joker]

Wats happen wats tha bizness

A whole month no sex
I keep it real low plex

All I'm sayin wats next don't take it out of context Play

Baby hold up just a second u told me
You feel neglected so I'm tryna get you naked
To see if ya boy can help it don't take it as

Disrespectin' but bump and grind is a blessin
Aye is ya boy really spendin the night? (I was jokin) well
I was just checkin

Is it wrong to wanna fuck use tha fingers to warm you
uphavin my dick all in ya gut while I'm grippin grabbin
ya butt skirt hikin with no hut

Nails diggin them love cuts so tell me that I can bless it
I taste it before I test it.

[Verse 2:]

Making music continue later R.Kelly make sex greater
Jodeci will make her notice
But right now is time for business

I hate to say this but (shut up)
I'm really sorry but (shut up)
Cuz I been havin good behavior but it's time I shook it
up
Now that's what I like to hear while I'm nibblin on ya ear
Clean sex cuz it's drippin wit shout and cheer (yea)

Play by my rules and baby jus in here
And if it's shaved where my tongue rolls like a good
