Yo, hey I'm talking to you
Where there's a will there's a way
You can make it come true
Don't put yourself down and go around
from town to town with a frown
Cause you know it ain't on be strong
Now you got it going on
You can do it
Make a feeling you can never go wrong
Got for it
Listen to the misses from who?
from us to you

You can make it come true
everyday every way
When you do what you do
You can make it come true
There is a way it can happen for you

You can say that it's ok
that you want to be better you do
Nothing is impossible
Go for it
go go go for it
Nothing is impossible
Go for it
go go go for it
You can make it come true
Go for it
go go go for it
Ain't nothing you can't do
go for it
from us to you

You can make it come true
They can say there's no way
but it's all up to you
You can make it come true
Relieve in your dreams
and you can break through

You can say that it's ok
that you want to be better you do
Nothing is impossible
Go for it
go go go for it
Nothing is impossible
Go for it
go go go for it
You can make it come true
Go for it
go go go for it
Ain't nothing you can't do
go for it
from us to you

Sometimes
it hurts too much to think about it
What you were looking for was in you all the time
You can
You can do it, make it real
Get it on, get up
It's time to find your own way

Go for it
go go go for it
Nothing is impossible
Go for it
go go go for it
You can make it come true
Go for it
go go go for it
Ain't nothing you can't do
go for it
go go go for it

Yo, hey I'm talking to you
Where there's a will there's a way
You can make it come true
Don't put yourself down and go around
from town to town with a frown
Cause you know it ain't on be strong
Now you got it going on
You can do it
Make a feeling you can never go wrong
Got for it
Listen to the misses from who?
from us to you

You can make it come true
everyday every way
When you do what you do

You can make it come true
There is a way it can happen for you
You can make it come true
everyday every way
When you do what you do
You can make it come true
There is a way it can happen for you
You can make it come true
everyday every way
When you do what you do
You can make it come true
There is a way it can happen for you
