Stop your crying, I'm not lying
Boy, I promised to be true
Stop pretending, stop defending
Waht more can I do
When I see you face it really blows my mind
Cause, baby
You're my kind

Take it from me
I'll be good to you, baby
Take it from me
I won't break your heart
Take it from me
I'll be good to you, baby, baby, baby
Take it, take it, take it from me

Stop denying, stop defying
Everything I say to you
Loving candy, never randy
That is what I offer you
Baby, want to make it clear
That my love is sincere
What you need is right here

Take it from me
I'll be good to you, baby
Take it from me
I won't break your heart
Take it from me
I'll be good to you, baby, baby, baby
Take it, take it, take it from me

Trust in me and I'll surely help you see
Everything is gonna work out for the best
I believe that love will always find a way
And, together, we can take care of the rest

Take it from me
I'll be good to you, baby
Take it from me
I won't break your heart

Take it from me
I'll be good to you, baby, baby, baby
Take it, take it, take it from me
I'll be good to you, baby
I won't break your heart
I'll be good to you, baby
oh, take it, won't you take it boy
I won't break your heart
oh baby baby
I'm gonna love you and squeeze you and treat you
right
