What kind of girl  
What kind of girl

I'm no Jezebel, I'm no kiss and tell  
I'm naughty and nice or as cold as ice

Make you believe that I'm so naive  
And that I'm the girl next door  
Come back tonight when the moon is right  
And we'll talk about it more, hey hey hey

What kind of girl do you think I am  
What do you think you're doing  
What kind of girl do you think I am  
Making promises way after dark  
Who do you think I am

I can mystify, I can pacify  
I can contemplate, with you, initiate

Make you believe that I'm so naive  
And that I'm the girl next  
Come back tonight when the moon is right  
And we'll talk about it more, hey hey hey

What kind of girl do you think I am  
What do you think you're doing  
What kind of girl do you think I am  
Making promises way after dark

Together forever through all kind of weather  
is how I see real love  
But I'll keep you guessing until you confess  
That I am your dream and there's no in between

What kind of girl do you think I am  
What do you think you're doing  
What kind of girl do you think I am  
Making promises way after dark, hey hey hey  
What kind of girl do you think I am  
What do you think you're doing

What kind of girl do you think I am  
Making promises way after dark, hey hey hey  
What kind of girl do you think I am  
What do you think you're doing  
What kind of girl do you think I am  
Making promises way after dark, hey hey hey  
What kind of girl do you think I am  
What do you think you're doing
