Dandy, Dandy
Where you gonna go now? Who you gonna run to?
All your little life you're chasin' all the girls
You can't resist her smile
Uh-hu, you're low down

Dandy, Dandy
Chattin' up the ladies, ticklin' their fancies
Pourin' out your charms to meet your own demands
You turn it off at will
Uh-hu, you're low down

Dandy, Dandy
Knockin' on the back door, climbin' through the window
Hubby's gone away and while the cat's away
The mice are gonna play
Uh-hu, you're low down

Dandy, Dandy, Dandy

Dandy, you know you're moving much too fast
And Dandy, you know you can't escape the past
Look around you and see the people passin' by
And when you're old and grey
You will remember what they said
Two girls are too many
Three's a crowd and four you're dead

Oh Dandy, Dandy
When you gonna give up? Are you feelin' old now?
You always will be free, you don't need no sympathy
A bachelor you will stay
And Dandy, you're all right
You're all right, you're all right
You're all right, you're all right
