"Bury Me"

Bury me in a wall of sound
When they lay me down in the ground
Bury me in shallow depth
Bury me upon last breath
With sincerity bury me
In naivety I will be
When they lay me down in the ground
Bury me in a wall of sound

Would you run away for me
I can't ask you anymore
Run away for me tonight
Run away be at my side
I would love to take your call
I'm afraid that I might fall
And when they lay me down in the ground
Bury me in a wall of sound
Bury me in a wall of sound
For I can take it lying down
Bury me, oh bury me
Bury me in a wall of sound

Bury me in a wall of sound
For I can take it lying down
Bury me, oh bury me
Bury me in a wall of sound
