I'm sick and tired of the way that i feel,
I'm sick of dreaming and its never for real
I'm all alone with my deep thoughts
I'm all alone with my heartache and my good intentions

I work to eat and drink and sleep just to live,
feels like I'm never getting back what i give
I've got a sad song in my sweet heart
and all I really ever need is some love and attention

and I don't want to cry my whole life through,
I want to do some laughing too
so come on, come on, come on, come on, laugh with
me
and I don't want to die without shaking up a leg or two,
yeah, i want to do some dancing too
so come on, come on, come on, come on, dance with
me

Sometimes you've just gotta make it for yourself
Sometimes sugar, it just takes someone else
Sometimes you've just gotta make it for yourself
Sometimes baby, you just need someone else

and I don't want to cry my whole life through
I want to do some laughing too
so come on, come on, come on, come on, laugh with
me
and I don't want to die without shaking up a leg or two
yeah, I want to do some dancing too
so come on, come on, come on, come on, dance with
me

Sometimes you've just gotta make it for yourself
Sometimes sugar, it just takes someone else
Sometimes you've just gotta make it for yourself
Sometimes baby, you just need someone else

and I don't want to cry my whole life through
I want to do some laughing too
so come on, come on, come on, come on, laugh with

me
and I don't want to die without shaking up a leg or two
yeah, I want to do some dancing too
so come on, come on, come on, come on, dance with
me
