Let's Go.

What My Mama Don't know  
What my mama don't know  
What my mama don't know  
What my mama don't know.

Chrystina:

I won't flip, im just coming at you,  
tryna sing my tune and make your,  
make your body move so you can show me what you  
do.

If you feel this beat, then get your booty shaken puh-  
lease,  
and groove it just groove it baby, groove it just groove  
it.

Cuz' I can keep on going boy I know you're gonna like it  
all night.

Hey You can't deny the way this beat just gets your  
body bouncin,  
bouncin tastin better than a burger with some thousand  
island dressing  
i reckon that you and me should be dancin' together,  
together

What my mama don't know, what my mama don't know.  
what my mama, what my mama, what my mama,  
mama, mama, mama

You wanna kiss me, you wanna love me.  
I drive you crazy, I think it's funny
