You'll never learn a thing if you bail out now'
And I'm lonely again tonight
I can feel it like a knot in my side
They keep saying this is part of the ride
But I'm not getting stronger.
Yet hold me against the light
And do you see any bullet inside?
Wouldn't find one if you magnified
Because you've got the wrong girl
Had my fingers around the back of your chair
You'd never missed a thing but you missed me there
And I just kept thinking 'Am I prepared
To pull it out from under your trusting stare?'
Now the house is quiet as a hollow head
And I'm walking round bumping into things you said
This has not been as easy as I thought it would
I'd be cooling down the fire if I thought I could.
And I'm lonely again tonight
I can feel it like a knot in my side
They keep saying this is part of the ride
But I'm not getting stronger.

Yet hold me against the light

And do you see any bullet inside?

Wouldn't find it if you magnified

Because you've got the wrong girl

And the flood gates open but nothing comes out
