Driving
Looking for your parents house
Striving
To find a piece of you

And I saw a punk rock show
In a car garage
And I saw you

Trying
To be strong for you and myself
I was dying
To get a piece of this

And I saw a punk rock show
In a car garage
And I saw you as a child
Visiting while
And I saw you

And I saw a punk rock show
In a car garage
And I saw you as a child
Visiting while

And I saw a punk rock show
In a car garage
And I saw you

A dream come true
A dream come true
A dream come true
A dream come true
A dream come true
A dream come true
My dream come true
