In the deepest recesses  
Underneath the abscesses  
Somewhere between adolescence  
And a pending death sentence  
I can sense a re-emergence of music's hardest  
occurrence  
Most potent at its purest  
No placebos for the people  
This solution's indivisible and unequivocal  
To any feeble vocal previously heard  
I don't merely speak words  
I'm conveying ideas  
Sound waves paint a picture like a retina's in your  
ears  
Synesthesia's in effect  
Synthesizers in your neck  
808s break breast plates  
Medics on deck  
So there's still no need to panic  
Even when I'm feeling manic  
Frantic energy is cracking granite throughout the  
vicinity  
The instant the LED's flash for the guaranteed cash  
Every predecessor's burned and returned back to ash  
And the space that they previously took up  
I occupied and shook up  
And now they see my shoes when they look up  
From the lowest vantage point  
My advantage  
Match point  
Next serve  
It's an ace  
Put the trophy in the case  
While you're at it crank the bass up on this racket  
Vibration for the sedentary could be problematic  
'Cuz once the speakers active instant movement's  
automatic  
My enemy's combative 'cuz their energy is static  
In other words motionless  
At rest  
And idle  
Patrons at their recital simply stand

Clearly they don't give a damn  
On the other hand  
What I understand  
Is a beat  
And the complimentary components that make it  
complete  
Make the vocals ride  
Like they're tied to the driver's seat  
And make sure that when you speak  
It's nothing but pure heat  
That's my current checklist with each box X'd off  
While the next (is) too soft at his peak to compete  
With shit I consider weak  
But it's not my place to judge  
I'm just here to speak my mind  
Several minutes at a time  
Over music I've designed  
Under-rated undefined  
Hardcore like a crime with triple digit jail time  
Confined in solitary with restraints  
And sharp like a shank through the skin of your kin  
This is real hardcore
