[Chorus One: Dion]

I came home late, you were not there  
I didn't care, I think we  
Both know, it's overrrr  
We need to let it goooo

[repeat Chorus One]

[Chorus Two: Dion]

We need to let it goooo  
We need to let it goooo  
Both know, it's overrrr  
We need to let it goooo

I can't believe we at a point where we don't like each  
other's  
company when you're not around the burden's off my  
shoulders  
We tried, but it won't get revived  
And I've got too much life to live, I gave all I can give  
Meanwhile... I, wait (I wait) you, wait  
Who will be FIRRRRRRRRRRRRRST, to say let - me - go

[Chorus One] + [Chorus Two] + [Chorus One]

[Dion]

I saw you, you saw me  
I felt you, you felt me  
And two became one (two became one)  
But the foundation, Was weakened when it cracked  
and  
couldn't keep a stand, you bring up bullshit  
that don't even concern you and me  
Fight-ing (fighting) nag-ging (nagging, it's not the)  
FIRRRRRRRRRRRRRST night, me so I

[Chorus One] + [Chorus Two]

[Talib Kweli]

Like Frankie Beverly and Maze but keep the memory a  
daze

We would do it den every room in every single way  
Once we did it 15 times in a single day  
Havin a wifey was way more fun than the singles say  
Get a room where the singles stay, mingle play around  
But when it's time for the layin down, we really laid it  
down  
We'll fuck, watch a movie, smoke a blunt, lay around  
Weighted down by the loneliness, please stay around  
Baby doll we so affectionate, I had to hold my own  
Cause we had two kids, and you held me down cause  
you had 2 kicks  
And who'd have thunk by now that we'd have 2 cribs  
Not cause we ballin because we fallin apart; you know  
the truth is  
I know I ain't follow the blueprint, treated you like you  
stupid  
And without your support I couldn't be doin this music  
It was a long time ago that we were both struck by  
Cupid  
But miscommunication has stole the love movement

[Dion]

Show's over! Exxxxxxxxxxxxxit, RIGHT~!  
The fat lady's SUNNNNNNNNNNNNNNG good-night!  
It's over (you won) it's over (I'm done)  
It's over (we both know it's overrrrrrrr)  
(We need to let it gooooooooo)

[Chorus One]
