When the road gets dark
And you came along to see
Just let my love throw a spark

Just have a little faith in me
And when the tears you cry
Are all you can believe
Just give these loving arms a try baby

And have a little faith in me(5X)

And when your cigarette heart
Cannot speak so easily
Come here darling
From a whisper start

To have a little faith in me
And when your back's against the wall
Just turn around and you you will see
I will catch you, I will catch you fallin baby

Have a little faith in me (5X)

While i'm been loving you
For such a long time girl
Expecting nothing in return
Just for you to have a little faith in me

You see time, time is our friend
Cos for us there is no end
And all you gotta do is have a little faith in me

I said i will hold you up
I will hold you up
And you look in the strengths from those have a little
faith in me

I said urgh....hey hey hey

All you got to do for me girl is
Have a little faith in me

I said urgh...I said urgh.....hey
