"Just For You"

Visit "[Just For You](#)" on MotoLyrics.com

I saw you sitting on a chair
While you are reading a book
That time I knew that I like you
'Cause I know that there's something about you

I really like the way you smile
The way you look with those simple eyes
You're like an angel in the sky
And you're the one who helped me fly

REFRAIN

I will break through walls
I will climb all hills
I will swim all seas
Just to be with you
I will fight all foes
I will walk on fire
I will reach the sky
To show my love for you

CHORUS

I cannot sleep everynight
'Cause I'm thinking of you
Every minute everyday
You are in my mind
'Cause I know that I love you
And I wish you love me too
Deep inside my heart and soul
I'll do anything just for you

At first I knew It's just a crush
What I felt is just puppy love
But the time we knew each other
Suddenly my feelings change

I'm very glad when we became friends
'Cause that time I knew you better
You're attitude is so great
That's why I fell in love with you

REFRAIN

CHORUS 2X
