Walking right at your back
This afternoon I think I'm out of luck
Don't wanna leave you alone
But I know that's what you're begging for

Refrain
I don't want you to look at me like
I'm messing up with you
Just tell me where I should go 'cause
There's one thing I'm for sure

Chorus
I won't be a quake that will crash you down
I will be your guide
I won't be a storm that will make you sink
I will help you out
I won't be a ghost travelling in the dark
I will help you out
I won't be a lightning from sky up high
I'll just cheer you up

II
You told me not to come
For a while I feel like I'm a scum
Making things hard for me
But you're right 'bout me being a freak

Refrain
Chorus
