[Verse 1: Felix]

The dirty ceiling needs a cleanin', floors been beat  
I stand for hours before the show, band pictures on the wall  
Load the gear in, feelin' like I know I'm not far from home  
But this place feels really different from St. Paul  
It ain't all sting, my friends are around me  
My cell phone, headphones, band, and microphone  
I haven't eaten' nothing but a continental breakfast  
Thanks to Motel 6 for throwin' a dog a bone  
One can hardly feel alone with all these pictures  
Press shots, you know the ones that you're supposed to sign  
Tonight the stage is ours, we don't have that picture  
That picture ain't us, I'll make the memory shine  
(Doors) Hey Mr. DJ  
Would you flip it like the loser at a bullfight?  
Spin it like tequila with just a little bite?  
Twist it like a doorknob? Let's start the night  
The extended family is the crowd and they're here  
You're skeptical at first, but I'm glad that you cheer  
I don't get stage fright but Twinkie gets nervous  
dVRG dons the glasses and commence service

[Hook: Muad'Dib]

Stand up, stretch, hit the roof  
Bounce off the walls and shake the rafters loose, that's the truth  
Man I wanna see somebody jumpin'  
Ain't no way y'all are gettin' somethin' for nothin'  
Visualize and execute, that's it, keep movin'  
We told you it's not worse than pullin' a tooth  
Man I wanna see everybody jumpin'  
We can't let y'all get somethin' for nothin'

[Verse 2: Felix]

On stage I pace like a tiger  
Yes, Felix is a cat and I've got cats at home  
I know exactly how they feel when they lookin' out the window

My windows on the stage just your side of the  
microphone  
I'm lookin' at you, feel the eyes burnin'  
Intensity is buildin', unconcerned with any person  
It's just the mass that counts  
Make 'em bounce till the sweat oozes out  
Don't leave 'em with one ounce  
Stalk your crew like ya animal's mindset  
Take a little breath and share a few of those words with  
you and yours  
Let me pace my space, maybe you'll see 'em feed me  
I promise you before the end you'll see me roar

[Hook: Muad'Dib]

Stand up, stretch, hit the roof  
Bounce off the walls and shake the rafters loose, that's  
the truth  
Man I wanna see somebody jumpin'  
Ain't no way y'all are getting' somethin' for nothin'  
Visualize and execute, that's it, keep movin'  
We told you it's not worse than pullin' a tooth  
Man I wanna see everybody jumpin'  
We can't let y'all get somethin' for nothin'

[Verse 3: Felix]

Day-to-day drama weighs down my shoulders  
I'm just too generous with limits  
A sucker born every minute, they say  
Maybe I'm a sucker but at least I'm not timid  
Push the gimmicks to the left, integrity is to the right  
Look through the middle at the floor, feel the stomach  
roar  
This is still about the vibe in this place  
Show them, I'm realer than Chris Rock's hair in CB4  
I see the door but then leavin' means defeat  
If I take a seat the local sharks will think that I'm weak  
I've done this before, shit you've done this before  
So you know that's all to do is hold it down like a  
bungee cord  
On stage there's an education to be had  
The front row wants to teach you when they want it that  
bad  
The middle wants to nod their heads and give approval  
Soundman teaches mic technique and wants your  
removal  
Now there's work and there's play, there's worse and  
OK  
And on a perfect day I can do both  
Some days my teachers put me at the front of the class  
Other days I do all of my work and yet they're still in my  
throat

This is the kind of night that when they raise the lights  
The drinkin' doesn't stop it just moves outside  
BYOB: "bring your own bullshit"  
I'll stay indoors, I learned a lot  
Thanks for the ride

[Hook: Muad'Dib]  
Stand up, stretch, hit the roof

the truth  
Man I wanna see somebody jumpin'  
Ain't no way y'all are gettin' somethin' for nothin'  
Visualize and execute, that's it, keep movin'
