Hey hey hey yeah...  
Oh oh oh oh...

Somebody asked me what she's to do with her life  
She said if I tell you, would you kindly turn back the  
hands  
Of time  
Could see that she was still a beauty  
She peeled away the years and the stories as she  
danced free

Mister do me a favor  
Play me an old-time tune  
I want to reminisce while I kiss the moon

Bring the city to the night  
I wanna feel the fire again  
Bring the lights back to my life  
Quench my desire again

She was a dancer back in the days when nice girls  
wouldn't dare  
Performing on corners while watching the billboards  
that played in Times Square  
She learned her routines right along with Fred Astaire  
A crowd would've gathered and then watched her  
showbiz flare

Mister do me a favor  
Play me an old-time tune  
I want to reminisce while I kiss the moon

Bring the city to the night  
I wanna feel the fire again  
Bring the lights back to my life  
Quench my desire again

Watch me while I sing and dance  
Call the wilds of true romance  
Watch me while I sing for you  
And you

Forget all your worries, dear  
That's what I am doing here  
Love will suddenly appear  
With one big smile

Bring the city to the night (oh oh oh)  
Bring the lights back to my life (oh oh oh)  
Bring the city to the night (oh oh oh)  
Bring the lights back to my life (oh oh oh)

The heat, the beat, the move, the groove  
Everything will come to you  
The heat, the beat, the move, the groove  
Everything will come to you
