Ba da da da da da

I believe, I believe in love
Say you believe me too
And as clearly as the Earth revolves around the Sun
There's someone in the universe for everyone

I believe, I believe in love
It's never too late to shine
And you're never too old and you're never too young
You never know whenever you're the lucky one

Lookin' for somebody
Not just anybody, no no
Lookin' for somebody
To take my breath away

I believe, I believe in love
Say you believe me too
When you know you would love it if you've ever been
It's better than you ever can imagine it

I believe, I believe in love (ooh ooh)
Ba da da da da da
da da da da da da
da da da da da

I'm feelin' love
I know that I believe
I wanna tell you that I love you, baby, and I believe

I'm feelin' love
You know that I believe
Tell me that you love me, baby, before I go insane

Lookin' for somebody (looking for somebody)
Not just anybody, no no
Lookin' for somebody
To take my breath away

I believe, I believe in love
Say you believe me too
When I know you're my lover if you've ever been
It's better than you ever can imagine it
