I fell off the edge of your funny face Stood up again but I just can't erase the way I feel The sweat on my skin is the essence of you I've tangled a web that has turned into a silent dream

And I'm dying over you I'm dying and trying to get through Oh baby, somebody save me

Cause I'm in love in love in love Yes, I'm in love in love in love with you

I'm in love in love in love Yes, I'm in love in love in love with you

I'm staring at you and you're staring at me I'm floating on the bluest eyes that I've ever seen, yeah If I could pick your words from an apple tree Would the sweetest ones be waiting there for me Cause you're beautiful

And I'm dying over you I'm dying and trying to get through Oh baby, somebody save me

Cause I'm in love in love in love Yes, I'm in love in love in love with you

I'm in love in love in love Yes, I'm in love in love in love with you
