I know we've spent a lot of time  
Trying to figure out  
If we really feel  
Love without a doubt, baby

All I know is I want to say to you  
That I'm ready to  
Fight for what we have  
I'm slowly going mad without you

Cause everything changes after the wreckage  
But I'm here to pull you from the fire  
So close your eyes and you will see me  
Still standing there

And, I will run to you  
Will you run to me  
Baby do you still believe  
That we belong together  
Forever

I know that I've been hard on you  
Trying to see this through  
I thought I could be strong  
Boy I was wrong, I miss you

I only pray that you  
Find it in your heart  
To live and let it go  
I'm a better woman  
Than you'll ever know  
If you let me

Cause everything changes  
after the wreckage  
But, I'm here to pull you from the fire  
So close your eyes and you will see me  
I'm still standing there

And, I will run to you  
Will you run to me

Baby do you still believe  
that we belong together  
Forever

And, I will run to you  
Will you run to me  
Baby do you still believe  
that we belong together  
Forever and a day
