"Framed In Blood"

Would you give me the key to the empire of bliss
Gimme substance to dismiss
Everybody's searching for a difference
Everybody's searching for deliverence
Gimme just another reason to live

Things you can resist, things you cannot
They're just framed in blood
Things you can resist, things you cannot
They're just framed in blood

Would you give me redemption in your kiss
Gimme something that I already miss
Everybody's searching for difference
Everybody's searching for providence
Gimme just another reason to live

Things you can resist, things you cannot
They're just framed in blood x8

Things you can resist, things you cannot
Things you can resist, things you cannot
