Rising above the horizon Sister Moon again
Calling all the children of the night to begin
Mortal in the light immortal in your love
I'm howling at you baby and the stars above

I'm gonna get you till the fallen days are gone
I'm gonna get you from dusk till dawn
No sudden bleeding lights on this street I walk among
I'm gonna get you from dusk till dawn

From dusk till dawn
Till the dawn

Hellbound to the darkness cursed by the Moon
I'm on the prowl baby now just for you
Silver by your side let the bullets pierce the night
There ain't no return on my nocturnal ride

I'm gonna get you till the fallen days are gone
I'm gonna get you from dusk till dawn
No sudden bleeding lights on this street I walk among
I'm gonna get you from dusk till dawn

From dusk till dawn
Till the dawn
