You can see her  
Whenever it rains  
From Rome to New Orleans  
Dancing on the graves  
Burden by the heart  
She loves her sunglasses after dark  
And every single day her little life falls apart

She's out to look so macabre and alone  
She's close to hook on her dying

Just like a gothic girl  
Lost in the darken world  
My lil' gothic girl  
Darkerside of jewel are your razorcuts for real, baby

You can see  
She's on her road to ruin  
Stigmata from crucifixion  
On her pale white skin  
Tribal pagan art  
She loves her tattooed Egyptian mark  
And every single day her love will tear us apart

She's out to look so macabre and alone  
She's close to hook on her dying

Just like a gothic girl  
Lost in the darken world  
My lil' gothic girl  
Always so dramatic, Christ, I want you, gothic girl  
Lost in the darken world  
My lil' gothic girl  
Darkerside of jewel are your razorcuts for real, baby
