Nothing's gonna make you stop)
You wanna rock
(Everybody knows you're lost)

Morning light hurts your eyes
But it's another thing
Nothing really matters
Behind the shades of blue
Blind boys never lie
But it's another thing
Nothing really matters
Behind shades of blue

'Cause in the end
You're just reborn again

You wanna rock (rock)
And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

We are dead until dark
But it's another thing
Nothing really matters
Behind the shades of blue
You say
You wanna live like I do
But it's another thing
Nothing really matters
Behind the shades of blue

'Cause in the end
We're just reborn again

You wanna rock (rock)
And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

(Solo)

You wanna rock
And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

And nothing's gonna make you stop
And nothing's gonna break you up
Everybody knows you're lost
In the night time, honey
(Lost boys)

(And nothing's gonna make you stop
Lost boys
Everybody knows you're lost
Lost boys)(Nothing's gonna make you stop)
You wanna rock
(Everybody knows you're lost
losy boys
