I guess you're seeking salvation  
Nothing but damnation  
Left for you  
If you choose the wrong direction  
It's a brand new feeling  
Sacrificial healing  
Like a U-turn out of the blue  
Once you're strong enough to face it

Though I'm standing by your side  
I feel so lonely I could cry

Never say die  
Leave me alone in the night  
Keep me away from the light  
Razorblade cuts the line  
Never say never say die

Are you escaping the dreaming  
A life without meaning  
Left for you  
If you choose the wrong addiction  
Let me tell you a story  
Without a blaze of glory  
The darkest days are through  
Once you taste my love you'll make it

Though I'm standing by your side  
I feel so lonely I could cry

Never say die  
Leave me alone in the night  
Keep me away from the light  
Razorblade cuts the line  
Never say never say die  
Leave me alone in the night  
Never say never say die  
(die,die woow)

Never say never say die

Never say die  
Leave me alone in the night  
Keep me away from the light  
Razorblade cuts the line  
Never say never say die  
Leave me alone in the night  
Keep me away from the light  
Razorblade cuts the line  
Never say never say die

Though I'm standing by your side  
I feel so lonely I could cry  
(Never say never say die)  
If I could feel my heart tonight  
(Never say never say die)

Never say never say die
