Wont you be safe, wont you be true
I lie awake just thinking of you
Im all alone, honey come home
Cause when you're here I feel like myself
And when you're not I'm somebody else
I got it bad honey please come back
Because you need a place to say
and I've been feeling dead since you went away
You better believe that what I tell you cause youre
coming home
Wont you be good to yourself
And don't you feel like coming home
It'll be good
It'll be like coming home
And tell you wanna be
with nobody else but me
It d be good
It'd be like coming home

Send me a letter pick up a phone
Make me feel better
Dont leave me alone cause Im feeling sick
Honey please come quick
Because you need a place to stay
And Ive been feleing dead since you went away
Better believe what i tell ya cause you're coming home
Wont you be good to yourself
And dont you feel like coming home'
It'd be good
It'd be like coming home
and tell me that you wanna be with nobody else but me
itd be good
it'll be like coming home
Its not issue its not the temper, and not cold and I hope
its nothing new its up to you and when I feel it I hope
you feel it too yes I hold it and I think she's coming onto
