Back when I was skin and bones
I looked up I wasn't alone

But I was the one
And I was getting it done
But something had me good

Back when I was ma and pa
I knew with them I held up my guard
But I was engaged

And I would sit in the cage
But something had me good
Look like a woman

And feeling like a kid
Most asking something yeah
But something had to give
I knew your baby

I held it in my hand
And I knew that maybe
I might have a plan
Back when I was on the top

I had a big fat gob of your heart
Yeah but I was the one
And I was getting it done

But something had me good
Back when I was skin and bones
I looked up I wasn't alone

But I was engaged
And would sit in a cage
Yeah but something had me good

I knew your baby
I held it in my hand
And most said that maybe
Yeah but I was a summoned man

I held the coffin
And I held the breaks
And I knew that maybe
Something had to take
