"Yours Tonight"

If they think that I'm lucky
Well, honey they're right
They can say what they want to
They can all leave my sight
Cause after all I will be yours tonight

And it's easy to say it
It's harder to show
I can take you for granted
But I hope that you know
There's nothing more
I will be yours tonight

It's your voice that's ringing in my ears
It's the way I feel inside
It's the thought that I get
When you are near
That I'm alright

And I don't know where I'm going
I seem far away
And I'm tired of moving
And I sleep through the day
One thing's for sure
I will be yours tonight

It's your voice that's ringing in my ears
It's the way I feel inside
It's the thought that I get
When you are near
That I'm alright

When I'm thinkin'
Lord I'm sinkin'
This all seems to much
Soon you will be
Sent right to me
And I know that's enough

Sometimes the devil
Walks up to me

Says I know who you are
And I know what you need
But he'll knock the door
When I am yours tonight

Cause one thing's for sure
I will be yours tonight
