and just can't find some anywhere?

to block the nosy pig's vision

Don't believe me?

"Hello Dr. Greenthumb, paging Dr. Greenthumb!"

[B-Real]

Hello my name is Dr. Greenthumb

I'd like to tell you just where I'm from

In the hills where the trees grow wild with weed fields

The fucking pigs with shields holding the blue steels

Greenhouse effect with the weed connect

(Doctor) DEA can't keep Greenthumb in check (Doctor!)

HPS, God Bless the whole crop

Please God, don't let me see no cops

Trunkload, ready to hit the highway

Don't let the eye in the sky fly my way

or we gonna have big trouble, that's no shit

Can't be growin without no permit

but fuck that, I study the 215 trip

That way when they come they can suck my dick

Weed can't grow without attention

Hello my name is Dr. Greenthumb

Chorus:

[B-Real] Hello my name is Dr. Greenthumb

[SenDog] Hello my name is Dr. Greenthumb!

[B-Real] I'd like to tell you just where I'm from

[SenDog] Hello my name is Dr. Greenthumb

[B-Real] Hello my name is Dr. Greenthumb

[SenDog] Hello my name is Dr. Greenthumb!

[B-Real] I'd like to tell you just where I'm from

[SenDog] Aiiyyo Dr. Greenthumb, come on back one time!

[B-Real]

People can't live without the herb man

If not they'd be drinkin and drivin and swervin

but thanks to Dr. Greenthumb weed grow

in the backyard or inside with hydro

To the cush plant brushin a tangerine dream

Tasty, blowin a fuckin smokescreen

Cycles of weed are constantly grown

Somebody give me the razor to cut groves

I'd like to stop, but it feels so good

Horny plants stinkin up my whole neighborhood

Sticky angel, I wanna leave it alone

but never ever ever gotta worry from my home

What that funny sound knockin at the door (Open up it's the DEA!)

Sorry Greenthumb can't talk no more

Please don't follow me into the sun

Hello my name is Dr. Greenthumb

Chorus 1/2

[B-Real]

Out from the lab, no need for rehab

If I can't drive then call me a cab (ese!)

In my closet the weed is dried out

Like Eiht said, ain't no place to hide out

I don't wanna buy no weed from no cop

Get knocked up and they close up my shop

That's why I buy no weed from no one

That's why they call me Dr. Greenthumb

The scientific, mystical one

Growin my crops with the rays of the sun

Come one come all and see how it's done

If you see the pigs there's no need to run

Cause some of these pigs are down with Greenthumb

But you never know what be the outcome

You see the photo in the album

The weed is growin like my erection

Look I never told you where I was from

Some call me Real, but I'm Dr. Greenthumb

Chorus

Dr. Greenthumb

Doctor, your Bulova plant needs special tending to

Doctor, we need more oxygen we need more CO2

Doctor, Dr. Greenthumb you're needed

Doctor, dahyahahahhh... Doctor
