B-Real]

I remember times I hustle, times I struggle  
Times I had to get over the everyday shuffle  
People tryin' to muffle my thoughts and all my dreams  
too  
People who I thought were down, and see true  
But I blame me too 'cos it's a Chronicle  
My life, I realise I'm responsible for obstacles  
In front of me, my own self to blame  
But I worked hard to receive the wealth and fame  
It's a worthless game, but if you're willing to play  
There's sharks in the water who are, willing to pay  
The price of your soul, but if you give it away  
You silly motherfuckers are all committed to stay  
It's a cold world, but you still want a part of it  
So then you'd better fuck around and learn the art of it  
Don't walk through life with your blinders on  
'Cos you'll keep goin' crazy 'til your mind is gone

[Chorus : B-Real (repeat 2x)]

It Ain't Easy,  
but you got people tryin', to put you down, believe me  
I keep gainin' ground, It Ain't Easy  
How many times, must you deceive me?

[Sen Dog]

I been around for many days, of musical mainstays  
Cypress, is Worldwide and we like it that way  
You can't fade-ER, or compare TO  
The Original Psycho-Baiter  
Got the next rhyme and we'll check you all later  
Can't nobody fuck with them Cypress Hill Raiders  
Heard it all before and I don't need no more  
Advice on the game and how to kick hardcore  
Played the game out here with the best  
Toured around the world and got big respect  
Now, what's (?) all with this year 2000's?  
We puttin the Smackdown and we ain't clownin'  
Not many have lasted  
Since we first blasted

Up on the scene, singin' about the dream  
Recruitin' for our team, niggas know what I mean  
?Damn?, you defy, when you live or die

[Chorus (repeat 2x)]

[B Real]

Times I hated, times I waited  
Times I went by where I was drunk and faded  
They said I wouldn't make it, but where are those  
people now?  
Still hatin', creatin' all the evil now  
Your insecurities are showin', exposin' you  
You're trippin' on me and showin' emotions too  
Don't you spend your life full of envy, it's deadly  
Heed me, as I spit the venom believe me

[Sen Dog]

I keep my guard up, and always let you see my rage  
I get pissed, like a pitbull in a cage [barking]  
Not that many can deal with the fury  
Attack and ransack and kill in a hurry  
I kill and observe and go in an instant  
I bring the pain like the ?Rampark? Prison  
I kept it right for the brother to the ?Chullo?  
Something I bump when your gates in the (?)

[Chorus: B-Real]

It Ain't Easy,  
but you got people tryin', to put you down, believe me  
I keep gainin' ground, It Ain't Easy  
How many times, must you decieve me?  
It Ain't Easy,  
but you got people tryin', to put you down, believe me  
I keep gainin' ground, It Ain't Easy  
It Ain't Easy, yo, It Ain't Easy
