I don't know why  
Why we try  
We are lost forever  
Lost together

There is a place were we belong  
But for now our time has come  
Along the way I feel for you  
But I just cudn't get it thru  
And we go on in our own way  
Till we meet again one day  
I feel the loss inside of me  
But I move on now am free

I feel so alive  
Why can't we just try  
It's time to say goodbye  
And I don't know why  
Why we try  
We are lost forever  
Lost together  
And I don't know why  
Why we try  
We are lost forever  
Lost together

I never felt that things could ever change  
When I look back it seems so strange  
You know I needed something more  
I can't go back to things before  
I feel and watch those days go by  
It always seemed you wonder why  
I'm not afraid to be your love  
I'll never find my way back home

I feel so alive  
Why can' we just try  
It's time to say goodbye  
And I don't know why

I don't know why

Why we try  
We are lost forever  
Lost together  
And I don't know why  
Why we try  
We are lost forever  
Lost together  
Lost, lost forever  
We are lost forever  
Lost together
