hmmmm..

Sorry didn't notice you then

Then again you didn't notice me

We remain passers by until the next time we speak

I'm hopin I can make you mine before another man
steals your heart

and once your beauty is mine I swear we will never be
apart

hook:

Walks by me everyday

Stolen my heart away

Woman thats stolen my heart and

Beauty is her name

Hopin I can make you mine before another man steals
your heart

once you beauty is mine I swear we should never be
apart

Didn't take much time to think about it

cuz' I didn't want to move to fast

Cuz' I knew that when I saw you again that I wouldn't
wanna let you pass

Cuz' my eyes has seen the glory in the commin of your
smile

so I swear if you ever come around again please stay

for awhile

(hook)

Bridge

You are so beautiful when I'm down and out

I never seem to get tired

Tired of your love

You are so wonderful and I'm just dying to make you
see

anything you want inside your heart

you can find right here inside of me

Ohhh...

um oh uh no

do ya feel me

have ever have something

that takes your heart and twist it all around

and all you can think about is this one thing

well dis is her and beauty is her name

(hook)

Walks by me every day

Stolen my heart away

oh yeah and Beauty is her name
