Ill be the one
Ill be the one
I heard a rumor theres a vacancy
Somebody said he put you down
Seems he found pleasure in some other girl
Baby hes dogging you around
So now yhoure looking for a special guy
Someone that you can call your boo
A man that cares about your feelings girl
A man to just be good to you
Well
1 Ill be the one making you feel alright
Ill be the one doing the things you like
Ill be the one keeping you up at night
Ill be the lover in your life
Ill be the one youre gonna wanna call, yeah
Ill be the one making you climb the walls
Ill be the one gon have you beggin me
Ill be the one, the one you need
You gave him seven years of your life
To think about it akes you cry
Why dont you come with me
Ill make it right
Lets bump that nigga outta your mind
Lets take a ride baby, no special place, yeah
Somewhere where we can be alone, hey
Take off our clothes and let our feelings flow
I wanna groove you all night long
Ill be the one
(Repeat 1)
Heres the thing you should know about me, yeah
Jazz is the man when it comes to ladies
I know what I want
Baby Im keepin it real, said real babe
Aint no him now that youre with me
Thats the way that its gotta be
If youre down, then be down
Dont be playin around with my heart, oh no
Ill be the one
(Repeat 1)
Ill be the one

Ill be the one
