I got this feeling, and I just can't turn it loose

That somebody's been getting next to you

I don't want to walk around knowin' I was your fool

'Cuz being the man that I am

I just can't lose my cool

My friends keep telling me about the things that's  
going on babe

But deep in my heart baby I hope that I'm wrong

Yes I hope I'm wrong but I know it babe

Somebody's sleeping in my bed, my bed baby

Somebody's takin' my place (baby)

Somebody's sleeping in my bed baby

And you know just what I mean, oh oh oh oh oh!

I come home early expecting your warm embrace

But something is wrong 'cuz its written all over your  
face

It hurt so bad when I walked through the door

But 'cha know one damn thing baby I ain't coming back  
no more

No no no

Now don't try to tell me things are still the same

'Cuz when we made love I heard you call out his name,  
call out his name

Somebody's sleeping in my bed tonight baby  
Somebody's taking Sisco's place  
Somebody's sleeping in my bed baby  
And you know just what I mean  
Gave you money and every li'l thing that you need  
I gave you the world 'cuz you were my girl  
But you still ran out on me oh yeah  
Said you're sleeping in my bed  
Messin' with my head oooh  
Tell me why, oh why oh why  
Why oh why oh why  
Why oh why oh why oh why oh why said you're  
Sleeping in my bed  
Messin' with my head  
ad lib to fade
